

Pygmy Goat Play Date Experience

Welcome!

You've been given a delightful gift: an invitation to visit and play with our goats, all set against the stunning backdrop of the beautiful North Kent Downs, an area renowned for its natural beauty.

Pygmy Goat Playdate Experience

Our Pygmy Goat Playdate Experience is both unique and entertaining. Our charming Pygmy Goats are excited to engage with you! You'll have the chance to observe our Pygmy Handlers and even try some Pygmy Goat tricks in their fantastic play area. Just watching these lively goats at play will surely bring you joy and laughter. It's a perfect opportunity to connect with animals and capture plenty of photos and selfies. They adore attention and enjoy a good scratch and brush!

While it's a fun experience, please be cautious as our goats have horns and love to run around, jump, and nibble on everything. Stay alert in their play area! We recommend wearing suitable clothing that you don't mind getting dirty or nibbled, and avoid dangling jewelry, as they may try to nibble on it. Closed-toe shoes are advised, and if you have long hair, please tie it back.

You are welcome to leave your car with us and explore the surrounding public footpaths. Alternatively, consider booking an Alpaca walk or a Picnic slot to enjoy lunch in the paddock. Be sure to check out our Alpaca Picnic Experience and make a reservation if slots are available. Remember to dress appropriately for the weather and wear closed footwear.

Please note that there may be other people on the farm with a different experience also unless you have booked a private farm session.
